

Candidate Profile

Wojciech Froelich (44)

Localization Manager

Academic background:

Nicolaus Copernicus University in Toruń, Physics

Professional career:

- 2000-2003 - Localization Engineer at Lomac Poland (now SDL Poland)
- 2004-now - Localization Manager, then CTO at Argos Multilingual

Professional experience in technical communication:

- Building end-to-end localization workflows with focus on source content and its quality
- Deploying and integrating CMS systems
- Experienced user of different authoring tools

Goals:

Activate users involved in technical communication in Poland, reach out to technical writers and communication managers active in different, less and more formal working groups.
