

Candidate Profile

Stefan Grahn (62)

is running for the position of treasurer

Academic background:

Polytechnic automation engineer

Professional career:

Electrical designing, detail design control systems, development engineer, requirements management, documentation and quality control management

Professional experience in technical communication:

More than 20 years of work with technical documentation

Goals:

I look forward to being a part of tekcom Sweden and my goal is to contribute to the promotion of technical communication in companies' organizations.

My role as treasurer involves teamwork with other delegates with the aim of raising tekcom Sweden up as an interesting organization to be a member of.
