

## Candidate Profile

### **Ildikó Fehér**

is running for the position of substitute delegate.

### **Academic background:**

MA in English and American Studies, University of Szeged

MSc in Biology, University of Szeged

### **Professional career:**

1998-2001 Technical Writer at Nokia

2001-2010 Project manager/Account Manager at Sigma Technology

2010-2014 Account Manager at SDI

2014-2018 Operations Manager at DTC

2018- Senior Content Development Manager

### **Professional experience in technical communication:**

I started my professional career as a technical writer, picked up project coordination and management fairly quickly. I have slowly transferred into management and worked in various roles in the world of technical content development.

### **Goals for my role as substitute delegate:**

I would like to work with our country delegate to represent tekomp Magyarország in the European organization and at the same time build our own local community, providing professional development and networking opportunities for people interested in technical communication. I also have a passion for introducing students to documentation, so I am happy to support our collaboration with Hungarian universities.
