

Candidate Profile

Ildikó Fehér

is running for the position of substitute delegate.

Academic background:

University of Szeged
MA, English Language and Literature
MSc, Biological Sciences

Professional career:

Senior Manager, Content Development at Cloudera

Professional experience in technical communication:

Ildikó Fehér is an experienced product documentation and operations leader with over 20 years in product information and technical documentation. She has a proven track record in building and managing high-performing teams, driving documentation strategy, and improving processes to support large-scale software organizations.

Currently working as **Senior Manager, Content Development at Cloudera**, Ildikó leads a team responsible for delivering high-quality product documentation across complex data platforms, services, and applications. Her earlier roles include operational and account management positions at **DTC Enterprise, Systems Documentation Inc.**, and **Sigma Technology Group**, where she gained experience in project management, customer collaboration, and technical writing.

She began her career at **Nokia**, developing technical content and managing documentation projects, and has since built a career that combines deep domain expertise in technical communication with strategic leadership in global content operations.

Goals for my role as delegate:

- Support the main delegate to ensure smooth communication and continuity within our country organization, with other country organizations, and with tekomp Europe.
- Together with the main delegate, represent Hungarian members and ensure their interests are heard at the European level.
- Encourage member participation in tekomp Europe events and initiatives.
